Email: michael.brown@dataeng.net | Phone: +1-555-0105

Location: Chicago, IL

PROFESSIONAL SUMMARY

Staff Data Engineer with 10 years of experience designing real-time data streaming pipelines and lakehouses.

TECHNICAL SKILLS

Python, SQL, Apache Spark, PySpark, Kafka, Airflow, Snowflake, Databricks, dbt, AWS Redshift, Java, Hadoop

EDUCATION

Master of Science in Information Technology, Northwestern University (2014)

PROFESSIONAL EXPERIENCE

Staff Data Engineer | FinData Enterprise | 2019 – Present (5 years)

- Architected real-time event streaming pipeline processing 10TB/day with Kafka and Spark Streaming.
- Migrated legacy data warehouse to Snowflake using dbt and Airflow, reducing query latency by 60%.

Senior Data Pipeline Developer | Analytics Corp | 2014 – 2019 (5 years)

- Built ETL batch pipelines using PySpark and AWS EMR.
