PROFESSIONAL SUMMARY

Lead AI Researcher & NLP Specialist with 6 years of expertise in LLMs, fine-tuning, RAG, and vector search.

TECHNICAL SKILLS

Python, PyTorch, Transformers, LLMs, RAG, FAISS, ChromaDB, Qdrant, LoRA, vLLM, C++, CUDA, BERT, GPT-4

EDUCATION

Ph.D. in Computer Science (Artificial Intelligence), MIT (2018)

PROFESSIONAL EXPERIENCE

Lead AI Scientist | Apex AI Research | 2021 – Present (3 years)

- Designed domain-specific LLM fine-tuning workflow using QLoRA and PyTorch.
- Implemented hybrid vector-sparse search engine improving retrieval precision @ 10 by 32%.

NLP Research Scientist | Cognitive Systems Lab | 2018 – 2021 (3 years)

- Published 4 papers on contextual embeddings and knowledge graph grounding.
- Built semantic search index over 10M research articles using FAISS.
